

Mastering the Art of Business through Leadership Development

EDIZEN

Workshop **Coaching for Federal Supervisors**

Summary The ability to coach others has become a key competency for today's managers and executives. Coaching employees is used in performance management, and is a skill required in all aspects of management and leading others. This interactive and experiential workshop will provide participants with a coaching philosophy and model, as well as coaching tips. An opportunity to practice in a variety of different situations is also provided.

Format Full day course
