

Mastering the Art of Business through Workforce Training

EDIZEN

Workshop **Change Management**

Summary In today's workplace, the only constant is change. Organizations are continually improving efficiencies and streamlining the way work gets done. This amount of change can, at times, be overwhelming to the workforce. The result is often resistance to change, decreased morale and lowered productivity. In this workshop, employees will learn about their own reactions to change, how to navigate change, and how employees at all levels can be change leaders.

Format Full day workshop

Target Audience Middle to upper level management

- Topics Covered and Learning Objectives**
- Recognizing our own responses to change – the change readiness assessment*
 - Understanding emotional reactions to change
 - Defining change vs. transition
 - Understanding the Bridge's Change Curve™
 - Learning the negative effects on the organization when communication is inadequate
 - Communicating during times of change
 - Modeling the change as a change agent
 - Dealing with difficult situations
 - Creating a change process roadmap

**Assessment is recommended but optional.*

Edizen's experienced facilitators consistently receive the highest evaluations for delivering workshops that are interactive and meaningful.
